**ROAD SURFACE MILLING AND PAVING
MITCHELL'S WAY & PLEASANT PINES AVENUE**

The Department of Public Works will be performing roadway improvements on Mitchell's Way in Hyannis and Pleasant Pines Avenue in Centerville beginning on Wednesday, September 6, 2017. Improvements include milling of the existing roadway surfaces, adjustment of drainage structures and installation of new asphalt pavement along the entire lengths of both roads. Work is expected to be completed by Friday, September 22, 2017, weather permitting.

Vehicle access during construction operations will be restricted to one lane. Motorists are advised to seek alternate routes to avoid the construction work.

Operations will start promptly at 7 AM and run until 5 PM, after which time traffic will be opened back onto both lanes of the roadway.

As always, please slow down and use extreme caution when traveling through the road construction areas and follow posted safety signs.
