

The Barnstable Bulletin

A MONTHLY TOWN OF BARNSTABLE NEWSLETTER

DECEMBER 2019

TOWN OFFICES WILL BE CLOSED AT NOON ON TUESDAY, DECEMBER 24, 2019 AND ON WEDNESDAY, DECEMBER 25, 2019 IN OBSERVANCE OF THE CHRISTMAS HOLIDAY.

Seasons Greetings

From The Town Manager

Dear Reader:

In January of 2004, the Town of Barnstable introduced *The Barnstable Bulletin* as a way to keep in touch with our residents. Over the years, we have seen different ways to communicate with residents, visitors, and staff come and go. This will be the last issue of *The Barnstable Bulletin*.

We want to thank you our faithful readers for welcoming us into your home or business during the past 15 plus years. We appreciate the input you provided to help make us better. Some of your suggestions included changes to our weekly eNewsletter and programming on Channel 18 which have changed over the years as well.

We would like to thank our outstanding volunteers who worked every month in the Community Services Office preparing the mailed version of *The Barnstable Bulletin*: Christine Cummings, Marie Greer, Diane Poyant, Martina Ross, Fran Smith, Millie Winston, and Diane Wollerman.

In an effort to reach a maximum audience, and in keeping with the Town's mission to provide open communication that engages our public, we intend to enhance experiences through digital media and community engagement projects in the future.

In closing, I want to wish you and your family a joyous and safe Holiday Season!

Regards,

Mark S. Ellis

December Observations from the Town Clerk

Happy Holidays from all of us at the Town Clerk's office. Thank you to all who exercised your right to vote in November. The turnout for the Town Election was 12.64%. For those of you who had to sign an inactive log and show ID be sure to fill out your annual Census/Street Listing form we will be mailing the first week of January to keep your voter registration current. The Census/Street listing is a mandate from the Secretary of State's office. All Town Clerks are required to send out the local Census/Street listing confirmation. This is a quick way to let us know if you have moved or changed your mailing address. The information you send back to us keeps our voter registration list up to date!

A HUGE thanks to my Wardens, Poll Workers, Registrars, DPW workers, facility directors, Police Department, and anyone else I might have missed; working together as a team makes the Election process a success. Thank you to my staff, for putting in long hours before, during and after this election to make it work. The Election is over, the people have spoken, and the Town will go forward as you the voters have directed.

Please mark your calendars and stay tuned as we have three elections coming up in 2020 as follows:

- Tuesday, March 3rd – Presidential Primary Election
- Tuesday, September 1st – State Primary Election
- End of October – Early Voting for the General Election
- Tuesday, November 3rd – General Election

Every ten (10) years the Federal Government is required to conduct a nationwide census. The 2020 United States Census is used to determine our representation in Congress. You will be hearing more about this in the coming months. It is very important that you do both the Town Census and the Federal Census.

We are always looking for people to work at the polling locations, so give us a call and we will help you become an election worker!

Meanwhile – Janet Murphy, Sue Greenlaw, Sue Maffei, Janet Logan, Leslie Steers and I, want to wish all of you a Merry Christmas, Happy Hanukkah, and Joyous Holidays! May your holidays be filled with friends, family and lots of laughter!

Ann M Quirk, CMC/CMMC/MMC, Town Clerk 508-862-4044

What To Do If You Find A Cold-Stunned Turtle

It is very important to recover these stranded turtles as quickly as possible. Do not assume a turtle is dead—turtles that appear lifeless are often still alive. If you come across a stranded sea turtle on the beach, please follow these simple steps:

1. Move the turtle above the high tide line. Never grab or hold the turtle by the head or flippers.
2. Cover it with dry seaweed or wrack.
3. Mark it with an obvious piece of debris—buoys, driftwood, or branches.
4. Call the Wellfleet Bay Wildlife Sanctuary hotline at 508-349-2615 x6104.

Sea turtles are federally protected under the Endangered Species Act; as such, it is illegal to harass sea turtles or transport them without a permit.

Superintendent's Corner

"Celebrate endings – for they precede new beginnings." – Jonathan Lockwood Huie

Barnstable Public Schools would like to welcome two new members to its School Committee: **Kathy Bent and Joe Nystrom**, as well as, thank two School Committee members that "retired" from the School Committee for their years of service: **Chris Joyce and Patrick Murphy**.

Chris Joyce, who served on the Committee for eight years and the last two years as Chair, and Patrick Murphy, who served on the Committee for 16 years, both decided their time on the Committee had come to an end. At the October 2nd School Committee Meeting, many community members came out to speak about working with Chris and Patrick including a former Town Council President, a former Superintendent, several former School Committee members, and various colleagues of Chris and Patrick's over the years. Several words were repeated about both men: Integrity, Professionalism, Character, and Service. I would like to thank Chris and Patrick for their commitment and service to the students, staff, and community of Barnstable Public Schools.

On November 5th, Kathy Bent and Joe Nystrom were elected to the School Committee, along with incumbent Mike Judge. All three were sworn in at Town Hall on November 18th and got right to work with a School Committee Meeting on November 20th and a joint meeting with the Town Council on November 21st. At the November 20th School Committee Meeting, Mike Judge was voted in as the new Chair of the School Committee and Kathy Bent was elected as the new Vice Chair.

I would like to welcome new members Kathy and Joe to the Committee and congratulate Mike and Kathy on their leadership roles on the Committee. I am looking forward to working with the five members of the Committee (Stephanie Ellis and Barbara Dunn round out the Committee) to continue working together while keeping student needs at the center of all decision making.

With December brings the cold weather and a nice long holiday break at the end of the month. I hope all the students, staff, parents, and community have a happy and restful break when school is closed for the holidays from December 23rd through January 3rd.

Best wishes,

Meg

TOWN COUNCIL ORDER: 2018-086 LONG POND AREA SEWER EXPANSION: PRELIMINARY DESIGN & CONSTRUCTION

Description : Expanding sewer to south of Route 28 around Long Pond in Centerville. It will include gravity sewer, low-pressure sewer, and a submersible pump station preliminary envisioned to be located at Mothers Park. Businesses and residences in this area are completely dependent on on-site solutions to address their wastewater, which has had a deleterious effect on Long Pond and the Centerville River. As a result, the Water Resource Advisory Committee has recommended this area to be included in Phase I of its Wastewater Management Plan.

CONSUMER NEWS FROM BARNSTABLE SEALER OF WEIGHTS AND MEASURES

Net Weight Audit Holiday Dinner Sampler Survey

Routine verification of packed goods is an important duty of Weights and Measures to facilitate value comparisons and fair competition. The inspections of packed goods determine the conformance of the results of the packaging to legal requirements for net weight declarations. As with most of our inspections there is a tolerance +/- that is acceptable to the correctness of the inspection; in the case of packed goods there is a maximum allowable variation that is determined based on average weight of the lot being tested. Weights and Measures mission is to protect the interest of both the consumer and merchant.

Your rights when buying goods by weight or measure: Is the weight of the package included?

Goods bought by weight or measure must be sold to you by net weight or measure. This means that the weight of any packaging must be excluded from the gross weight also known as a "tare".

When goods are weighed in front of you

Goods weighed, measured or counted at the time of sale must be done so in front of you and you must be able to see the whole operation. Most modern weighing instruments have a tare button. This should be used to zero the weight of the packaging or container before the goods are weighed. Where goods are pre-packed on the premises, you can request that they be re-weighed, measured or counted in front of you.

Barnstable Weights and Measures inspectors Jaime Cabot and Rick Cohen recently conducted Net Weight Audit Compliance checks at three major grocery stores to replicate some items you would buy for a Holiday Dinner including turkey, ham, cranberries, cut sweet potatoes and red potatoes. Most of the commodities weighed were accurate to the weight declared. Using the Maximum Allowable Variation (the limit of the reasonable minus variation) and procedures outlined, all the commodities passed inspection. These are a few of the more interesting samples:

- √ 65 turkeys were checked; 24 were correct weight; 10 were underweight and 31 were overweight based on the label of declaration; these were brought to the store manager's attention and re-weighed. An overall savings to the customer of \$69.35 and \$292.00 savings for the merchant by checking these commodities.
- √ 64 hams with glaze resulted in 18 correct, 2 underweight and 44 overweight based on the calculations the errors were so minimal in the underweight bags that the actual savings were for the merchant of \$584.
- √ 10 Cut sweet potato three pound packages, 36 bags of cranberries 12 ounce packages and 18 three pound bags of potatoes all weighed over declared weight.

If you come across a discrepancy on a purchase or if you have any questions or concerns regarding the performance of a commercial weighing or measuring device used for trade, bring it to the attention of the merchant. If the problem is not resolved, contact the local Weights & Measures office for advice and/or assistance. The Barnstable Weights & Measures jurisdiction includes; Barnstable, Bourne, Brewster, Chatham, Dennis, Harwich, Mashpee, Orleans, Sandwich and Yarmouth. **We can be contacted at: 508-862-4671 OR visit <https://www.townofbarnstable.us/Departments/weightsmeasures/>.** May equity prevail!

Happy Holidays,
