Paul Canniff, D.M.D.

### CONSERVATION COMMISSION - BOARD OF HEALTH JOINT MEETING MINUTES Tuesday, September 1, 2009 at 6:30 PM Town Hall, Selectmen's Conference Room 367 Main Street, Hyannis, MA

The Town of Barnstable Board of Health joined the Barnstable Conservation Commission for one item on the Conservation Commission's meeting held on September 1, 2009. The meeting was called to order at 6:30 pm by Conservation Commission Chairman Dennis R. Houle. Also attending were Conservation Commission members Vice-Chairman Tom Lee and Commissioners John Abodeely, Peter Sampou, Scott Blazis, Larry Morin and Louise Foster with Rob Gatewood, Conservation Administrator, assisting, and Board of Health Chairman, Wayne Miller, M.D., along with Board of Health Member Junichi Sawayanagi and Alternate Board Member, Susan Rask,. Board of Health Member Paul Canniff, D.M.D. was unable to attend. Thomas McKean, Director of Public Health, and Sharon Crocker, Division Assistant, were also present.

These minutes are from the Conservation Commission's Scrivener's notes on the joint portion of the meeting:

#### **I. Old & New Business:**

- A. Craigville DPCD implementing regulations – joint review with Board of Health.

The Chairman recognized the Chair of the Board of Health, Dr. Wayne Miller, and the Board of Health members.

JoAnne Buntich, Interim Planning Director, and Town Attorney Ruth Weil attended.

A brief overview of the "Proposed Implementing Regulations" took place.

Questions, comments, and concerns:

- An appreciation of the Town Council and Growth Management Department was expressed for taking this matter forward.
- The Boards' comments will be presented to the Cape Cod Commission.
- The requirement that view corridors be kept free of taller vegetation seems to verge on the area of Conservation Commission regulations. A revision to the proposed language will be considered.

- Do DCPC regulations limit installation of sewer systems? - The answer is no. Nor do they [regulations] impose “flow-neutral” conditions. They do, however, restrict footprints.
- Septic tanks cannot be placed in the velocity zone.
- BOH Chairman Miller expressed the opinion that it was “an excellent and commendable job”.

A joint letter from the two Boards to the Cape Cod Commission will be forthcoming.

A motion was made to close the Board of Health meeting.

Seconded and voted unanimously.

(Conservation Commission meeting continued.)
