Required information for reimbursement

The Internal Revenue Service (IRS) requires you to substantiate all claims with documentation. The documentation must detail the healthcare expenses and include five key data points:

1. Name of provider
2. Name of patient
3. Description of services
4. Date(s) of service. The paid date may or may not be the same as the date of service; the date of service is required.
5. The cost of the service

Requests submitted without the above information cannot be processed.

Claim reimbursement checklist:

- For faster processing, submit a claim online via the 'Claims & Payments' tab. Otherwise, complete the claim form in its entirety. Incomplete requests cannot be processed.
- Include the required documentation that includes all of the five key data requirements listed above.
- Sign the claim form.
- Keep the original receipts for your records and send copies to us.
